I look forward to hearing from you. Please feel free to send me an email today so we can set up a phone call to discuss your opportunity.

I am searching for a position where I can take full advantage of the skills that I have been honing for the last decade and be placed as team leader advancing corporate projects in a full time position.

My geographical search is in the area of north or east of Columbus, Ohio or working remotely from my home office.

I am open to moderate travel for business purposes.

Leadership: Manager of a highly functional hand picked team of IT professionals steering them to best of class service for the company inside and out.

Organization: Bring all aspects of information technology together for one clear holistic picture of corporate IT.

Databases: designing, building, editing, converting, to managing, interacting, & migrating.

Computers: from word processing, coding custom applications, managing servers in Microsoft and Linux environments.

Translating: I speak english, business, and computer.

Infrastructure: pricing, ordering, assembling, loading software, patching into network.
